Gratitude
can transform
common days
into **THANKSGIVINGS.**

President's Message

"Happy Thanksgiving".... which it will be by the time you receive your November club newsletter. It's hard to believe we're this close to the holidays...we've had such a fun year with all our club activities!

I hope you're like us...when the weather gets cold outside and the snow is so deep you can't get out with your classic...you will re-read all those club newsletters and remember all the fun trips we took together. It's entertaining to read about other members cars and their great stories of their favorite classic and how they came about owning them. Especially, when we realize we're not the only "crazy" car person in the world!

It's been fun this past year working with the officers and chairpersons of the AACA-KC Region. The goals we achieved for the "better good" of the club were accomplished! We feel good about the activities and fun events that were planned throughout the entire year. We had so many opportunities to get our classic vehicles out onto the street and interact with other members and other clubs...it was super!

Congratulations to all our new officers and chairpeople! We welcome Brenda Hayden as our new treasurer. Planning has already begun for our 2017 activities...and we look forward to our Grand National Event in June.

Remember, we do not have a December meeting...but, we do have a Christmas dinner...so, please come join us at the Summit Hickory BBQ in Lee's Summit, Mo. on December 4. We'll be in their community room...with good food and drink! We will be showing videos of our past years events!

Again, we thank Carolyn Young for being our club newsletter editor these past few years. She's done a fantastic job of putting our stories and news together for all of us to enjoy. See you at the Christmas party!

Trish Lee
President, AACA-KC Region

Member Profile - Cynthia and John Stoner

Cynthia and John with their "Best of Show" Trophy from Johnny Ray's in October of 2016

A little Red Corvette is a fun car to own. John and I have been looking for a C2 corvette for a long time. We drove our 2001 Corvette to the "Magic Dragon" Car show at the Lake of the Ozarks, two years ago. John took our little dog for a walk, he came back and said, "I think I found a car for us". John is such a tease, I thought it had to be a diecast car. We took a walk together and there she was, a 1967 red corvette coupe, matching numbers, 327/350, 4-speed, factory side exhaust, stinger hood, and vintage air. Two weeks later it was in our garage sharing it with "Ole Silver".

A year and half later, we were so blessed to meet Ken and Trish Lee. Accidently, we received mail

for Trish for the KC Royals car show. John looked up their phone number on the internet and called Ken, he asked Ken if a Trish Lee lived at that address. He stated, "that is my wife".

"The Little Red Corvette"

Antique Automobile Club Of America

Volume 4, Issue II - November 2016

"Little Red at Johnny Rays"

and Ken gave it lots of TLC. This a good example of not putting oil additive ZDDPLUS.

"Under the hood"

"Little Red enjoying the day"

The story continues and we took their tickets to the Lee's for the Royals game, and car show. This was on Thursday and the show was Saturday. The "Little Redhead" was sick and needed help from Doctor Ken Lee. It had a flat cam and needed new rocker arms, and lifters,

We were new owners of a old corvette and not aware of this secret. We bought the car to drive and enjoy.

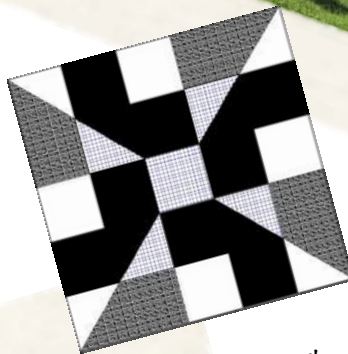

We are glad to be new members of the AACA, and look forward to the events for many years to come.

Story and Photos by Cynthia and John Stoner

Missouri Star Quilt Company Road Trip

Organized and hosted by Jon & Laura Cooper, 34 AACA-KC members and guests in 16 cars participated in a driving caravan on a beautiful autumn day on Saturday, October 22nd to the Missouri Star Quilt Company in Hamilton, MO. We departed from our rally point in Independence at 8:30 a.m. for a 90 minute scenic drive that took us through Buckner, Lexington, Richmond and Polo before arriving in Hamilton to attend a Trunk Show presented at the Missouri Star Quilt Company. While some members attended the Trunk Show, others displayed their cars

in a special area reserved by the quilt company owners who were very excited to have our classic cars showcased. Some of the men strolled over to relax in "Man's Land" that was equipped with big screen TV's, comfy leather arm chairs and a pool table. Following the Trunk Show, we had an excellent lunch at Hank & Tank's BBQ and were able to eat at their outdoor picnic table area. Some of us wanted a little dessert and found tasty treats at Mama Hawk's Bakery and ice cream at J's Burger Dive. After visiting some of the downtown shops,

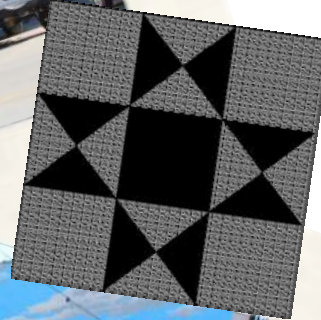

Antique Automobile Club Of America

Volume 4, Issue II - November 2016

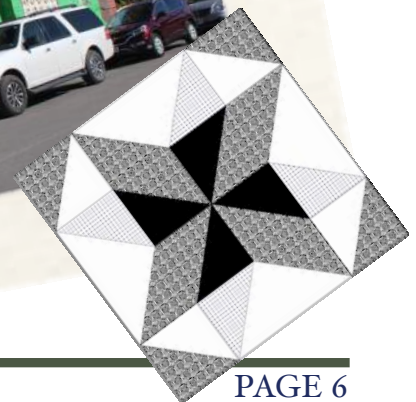

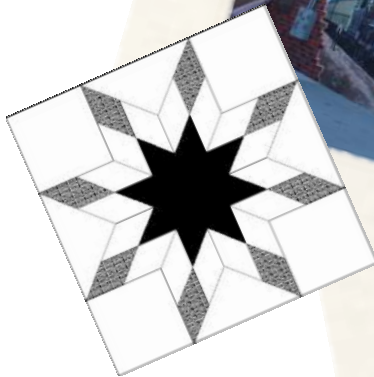

Hamilton, Missouri

we departed for the drive home. Everyone had a great time and the weather couldn't have been better. The Missouri Star Quilt Company owners asked to partner with our club to present a "Quilts & Cars" car show next spring on May 6th. So, if you missed this

fun road trip, mark your calendar for this date next year.

How Do You Display 357 Dash Plaques?

I started collecting dash plaques in the year of 1976. Forty years later I realized my collection had grown to almost 400 total. I had all of these piled in two bookshelves in the living room. The ones on the bottom had not seen daylight in over 29 years. Of course, many of them I had forgotten about the actual event or cruise. Trish reminded me that these

shelves had never been dusted in twenty-nine years! We began sorting and classifying the plaques by years which took a few hours to accomplish.

I thought this idea would be a good way to display and read the dash plaques that I had collected for so many years. The back-light is indirect lighting to enhance

the Chevy bow-tie shape on the wall. The remote control is set up for various colors of lighting. The plaques are in chronological order with the oldest in the middle. We're pleased with the result and it's fun to reminisce about all the shows and cruises that we've attended all these years!

We hope you enjoy it as well.

Story and Photos Ken and Trish Lee

2017 Club Officers

This past year, all your club officers and chairpersons helped to make 2016 a very rewarding year full of activities and events! Your officers held monthly board meetings working on plans just for you and your classic vehicles.

Our election held at the November meeting brought Trish Lee, President and Jon Cooper, Vice President back for another year of leading the club. We welcome new officer, Brenda Hayden as our club Treasurer. Brenda has been a member of our club for several years. In case you didn't know...she's Monte Kottman's sister. Brenda has supported our club and attended almost every meeting for several years. She's also helping Monte with our website. Carol Barker has agreed to stay on the board for another year! Both of these ladies own classic Camaro vehicles and both help to support the club in many ways by attending meetings and events.

We're still looking for a club Secretary...so, if you become interested in this position, please contact any officer. The main requirement for secretary is to take board and regular club meeting minutes. The minutes should be typed and presented at the next monthly meeting for approval. This person is also required to be at all officer board meetings to help in the planning of club events.

Many thanks to our volunteer Membership Chairpersons, Martie Kernodle and Roscoe Yoder. They both did an outstanding job this year. Special thanks to Roscoe for personally recruiting several new members to the club. We appreciate all their efforts in promoting the KC Region club to other clubs in the metro area. Not only did they both help in the ordering of club t-shirts for new members, both put forth effort and time in helping our club grow.

Also, many thanks to our Newsletter Editor, Carolyn Young. Her expertise in the making of our club newsletter was outstanding! When we share our classic vehicles stories and make known their "unique owners" to others in the club...a car community is created. This community of classic car owners welcomes others (like us) and becomes a place for others to join! We appreciate the hours of work and all of the creativity that Carolyn put into the making of our newsletter!

Again, we appreciate all the club member support this past year. Your participation and support at events and activities helped to make our club grow and gain some expert recognition in the area of judging cars! We hope to do the same in 2017!

Trish Lee
President
AACA-KC Region

AACA-KC Ladies Luncheon

We had a great AACA Ladies Luncheon on November 9th at Vivilore's in Englewood Missouri. Good food, good shopping and best of all good friends! Attending were Trish Lee, Janice Cox, Marilyn Hlaca, Joy Stegner, Mary Ann Rothove, Donna Field, Dana Noble and Trish Weeks.

let's do lunch!

AACA Member Submitted Story from October Speedster

History Repeats Itself (Part 1)

By Richard Tuthill Bassemir, Austin, TX, rbassemir1@gmail.com

It was the fall of 1916 when two Maxwell Motor Corporation salesmen had an idea. They felt any car that could cross the United States in the winter months would make an excellent every day family car. They sold this idea to Texaco and Firestone and on November 16, 1916, C.W. Tuthill and P.G. Scull left Newark, New Jersey, for California.

C.W. Tuthill kept a diary of the trip as they drove along the Lincoln Highway and The Old Trail Road through 36 towns and 12 states. They used ferries to cross rivers, slept in the car multiple nights and repaired tires many times. At night, they drained the water out of the radiator so it would not freeze. At times, they had to wait on gas deliveries (gas stations were not on every corner then). They arrived in Los Angeles, California, in 10 days and 16 hours. They used 188 gallons of gas and 7 gallons of oil. After a few days in California they returned to Newark, New Jersey, using a different southernly route to complete the round trip.

Some mud in Ohio on way across

C.W. Tuthill was my grandfather and this November my brother and I intend to celebrate our grandfather's accomplishment by repeating this trip again in a 1917 Maxwell. Using his diary, we have an accurate list of the towns they passed through, places they ate, slept and got gas and oil. Using this

Antique Automobile Club Of America

Volume 4, Issue II - November 2016

information, we have been able to pick out a route to recreate this accomplishment.

We have a 1917 Maxwell that is being prepared for the trip. It has been repainted and we are adding the same signage to the car, so it looks just like our grandfather's car. Our plan is to leave

Newark, New Jersey, on November 16, 2016, 100 years after our grandfather made his start. We hope to complete the trip in 10 days and then will trailer the Maxwell back to the east coast.

We have created a website that includes our

grandfather's diary as well as pictures, letters and postcards he sent along the way. We have also included information about the Maxwell we are preparing for the trip. Interested readers can find all of this information [here](#).

Part 2 of this story will come after the repetition of history is completed.

Reprinted from AACA National's Speedster October 2016

To All AACA-KC Members:

Beginning June 1, 2016 New Member National and KC Regional dues are 1/2 priced. For new members you bring to AACA between June 1st and December 31st the dues are:

| | |
|----------|---------|
| National | \$17.50 |
| Regional | 12.50 |
| Total | \$30.00 |

So let's have some fun and see how many new members we can bring to AACA and our Regional family by the end of the year. **But wait!!** Don't you think it might be nice if you had a chance to win a prize for sponsoring new members?

Announcing a New Member Contest

Contest Period: From the present through December 31, 2016

Contest Guidelines:

1. To be eligible to win, you need to bring in at least 2 new members during the contest period.
2. Most new members secured (2+) in the contest period wins
3. National and Regional applications along with dues of \$30.00 must be received by Norm Kressman before midnight, December 31st.
4. Prizes will consist of 1st and 2nd places
1st Prize – 2017 AACA National and Regional Dues Paid (value \$60.00) and a \$25.00 gift certificate
2nd Prize – 2017 AACA National and Regional Dues Paid (value \$60.00)

If you have any questions about securing members or if Membership Co-Chairs can help in any way, please call us:

Kansas City Region AACA Club Meeting Minutes November 13, 2016

Attendance: 39

The first item on the agenda was election of officers. Norman Kressmann made the motion that in the absence of a contested election, we approve the slate of officers by acclamation. Patti Powelson seconded the motion. The motion passed by vote. Congratulations to the new officers—Trish Lee President, Jon Cooper Vice President, Brenda Hayden Treasurer.

Norman Kressmann made a motion to approve the October meeting minutes. Jerry Cygan seconded the motion. The motion passed.

Norman Kressmann gave the Treasurer's report. Sharon Cygan made the motion to approve. Patti Powelson seconded the motion. The Treasurer's report was approved by vote.

Trish did state the \$100 for the deposit for the Hickory Pit BBQ for the Christmas party is refundable when we attend the Christmas party.

No report from the Membership Committee.

Trish stated an e-mail had been sent out regarding regional and national dues. National dues are \$35 and Regional dues are \$25. You do have to be a national member to join the region. If writing a check, make payable to AACA – KC Region.

If anyone wants to participate in the Samaritan Purse Shoe boxes, please get your box to Trish by the end of this week.

Norman Kressmann reported on the Art of the Car Show. This year was the last year for this event.

Norman Kressmann talked about the Mecum Auction on December 1st, 2nd and 3rd. He still has some openings for the second shift on Friday. He asked that participants be on time and car pool. He will have the tickets and parking passes out prior to the auction.

The 50/50 pot sales was a total of \$72. Half went to Jim Hlaca as the winner this month.

Antique Automobile Club Of America

Volume 4, Issue II - November 2016

Trish reminded us the Speedster Article in the October 2016 issue has a list of all of the 2017 AACA National Meets and Tours.

Trish asked everyone to send any updated information to Janice Cox janimaur@aol.com for the roster.

Trish said she has sent a letter of request to Paradise Park to have our meetings there again next year. She will cancel the Grand National Meetings at Paradise Park as the Planning Committee voted to have their meetings at the Hilton Garden Inn.

On November 9th, 8 ladies met for lunch at Vivlore's Italian restaurant. Trish said we will try to have the ladies luncheons monthly or bi-monthly.

Jon Cooper talked about upcoming activities:

Sunday, December 4th Christmas Party at Summit Hickory Pit BBQ at 6:30pm.

Saturday, December 10th, Christmas Music Program at Resurrection Church at 1pm. Tickets are \$10.

There will be a car show in Gay Parita on May 6th of next year.

Jon asked you bring ideas to the Christmas party for activities you would like to do in 2017.

Ken Lee had the newsletter questions. Winners were Carolyn Barker and Leta Porter.

Trish reminded us the Secretary position remains open. Also there are several volunteer positions needing to be filled, if interested contact Trish.

Readin' Writin' and Wrenchin'

By Ken Lee

Is Hot a “bad thing” ???

In the past, I've covered cooling problems on our classics. This writing covers accessories and automatic transmission. When under-hood temperatures rise, hoses and other sub-assemblies are affected and longevity is compromised. Power steering generates a great deal of temperature. Some manufacturers of the 60's had a separate power steering cooler and that's a good thing.

The automatic transmission temperature is in direct relation with it's life. It has a cooler, but not separate. Lines from the transmission are passed through the engine radiator and then returned to transmission. So, when your engine is running hotter than it should, the transmission is also affected. According to (ATRA) Automatic Transmission Rebuilders Association...90% of failures are from over heating. In overheating oxidation occurs. When high temp or overheating occurs, this causes a breakdown in the additives of the transmission fluid. When this occurs sludge, varnish, and acids develop. This internally affects the blockage of ports that feed bearing, clutches, and gears. This also causes poor lubrication. Transmission slippage can also occur and may not be detectable. This slippage can cause a significant loss of gas mileage (10-15%). When this occurs you get to spend money on a transmission rebuild.

Some newer vehicles are equipped with a transmission gauge (good idea). How many times have you seen an RV or heavy-loaded vehicle being pulled to the side of the road with transmission issues? Summer heat, air-conditioning, and a long trip all contribute to ultra-high transmission temperature. A separate transmission cooler is very good prevention. This also helps the engine because the b.t.u. transfer that comes from the transmission tubes into the radiator will be eliminated. Servicing the transmission by replacing the fluid and filter per owners manual suggestion is a must. Use the lube services that have your engine running. All old fluid is removed the same time the new is being pumped in. By dropping the trans pan...you only remove about half of the transmission oil. The torque converter holds 4-6 quarts. Like engine oil synthetics, trans-synthetics are a plus. This will allow less friction which leads to less heat.

So, before your next trip make sure your trans fluid is fresh, with a good filter, and a proper oil level.

The Driving Factor

by Editor, Carolyn Young

Part II Restoration As Therapy for Youth

*Permission granted by Hagerty to reprint
by Denise Baker - found at
Hagerty.com June 14, 2009*

A long time after this, Shiloh was having a particularly stressful day. He ran away from the other students, and a teacher found him sitting up against the garage where he and Mark had restored the Model T. "He had to go back to that experience, to that spot where he felt encouragement," Mark explained. "The car is something he has taken pride in; he will always go back to it throughout life. Now cars are an important thing in his life."

Mark and Shiloh completely dismantled the Model T, took the

wheels off, and had it professionally painted in a shop. They restored it in an unheated garage that's older than the car. The garage is so old, it has a wooden floor.

Thanks to a [Collectors Foundation](#) grant of \$7,500 in 2006, Mark – who started the program with his own funds – was able to stop using his own money and purchase tools, equipment and auto parts. "It's inspiring to know that the Collectors Foundation is looking to restore cars and to get kids interested in it," Mark said. "The financial support from the [Collectors Foundation](#) has been wonderful."

Beyond purchasing vital equipment, the [Collectors Foundation](#) support has paved the way for others to support the

program. "Because of Collectors Foundation support, others see it. People want to get on a moving train," Mark explained. A local automotive retailer donated a custom-made 15-foot trailer for the car. Car clubs are matching the Collectors Foundation grant, car guys want to mentor students in the program, and one car guy has even stated his interest in being a full-time teacher.

Mark is gearing up to launch a fundraising campaign for a larger, heated building. In the meantime, he's looking for the next Model T for the program. Mark said they can't have a car lift for insurance reasons, but Model T's "sit so tall,

THE CLUB

The Antique Automobile Club of America is the country's oldest and largest automotive historical society. A Pennsylvania 501(c)(3) nonprofit corporation, it is dedicated to the preservation, restoration and maintenance of automobiles and automotive history. Founded in Philadelphia in 1935, its membership has grown to over 60,000 members from all parts of the world. AACA holds country-wide competitive meets and non-competitive tours. These are on a divisional basis offering a program within everyone's reach. Tours and activities relating to the hobby are offered, including the Revival AAA Glidden Tour®, Founders Tour, Vintage Tour, Reliability Tour, Sentimental Tour and Divisional Tours. The Annual Meeting features a trade show, seminars and the National Awards banquet.

AACA is proud of its relationship with the many historical organizations devoted to similar objectives the world over. The Club, through its national office, publications, and membership, aids individuals, museums, libraries, historians and collectors dedicated to the preservation of automotive history.

VEHICLES

Motor vehicles of all types, 25 years or older are grouped for competitive purposes into many classes according to age and mechanical features. AACA has a comprehensive judging system that allows members to earn special awards for their vehicles. AACA also recognizes original cars, Historic Preservation of Original Features (HPOF) and unmodified 25 year and older vehicles that are driven, Drivers Participation (DPC). The club also recognizes classes of motorcycles, trucks and documented race cars. Further details can be found in our judging guidelines which are available online at www.aaca.org.

AACA MUSEUM

Your current year membership card entitles you to unlimited free admission. The AACA Museum was incorporated in 1993 and was completed in 2003. The facilities encompass over 80,000 square feet and houses approximately 100 collector vehicles. A gift shop, educational programs and a regular change of exhibits can be found at the museum. Visit www.aacamusuem.org or call 717-566-7100.

THE MAGAZINE

AACA's official publication ANTIQUE AUTOMOBILE is the country's foremost automotive historical magazine. Amply illustrated, it is distributed bi-monthly to all members. It contains many fine historical articles, meet and tour accounts, technical articles on restoration and other material. In addition, it includes commercial and classified advertising. Advertisers may obtain a rate card from Antique Automobile Club of America, National Headquarters, 501 W. Governor Road, Hershey, PA 17033.

REGIONS AND CHAPTERS

There are approximately 400 regions and chapters chartered by the Antique Automobile Club of America worldwide. Regions and their chapters are administered in an autonomous manner holding their own meetings, collecting local dues and conducting runs, meets and other events under the direction of the respective elected officers. Membership in the national Antique Automobile Club of America is a prerequisite to joining a region or chapter.

AACA LIBRARY & RESEARCH CENTER

Founded in 1981, the AACA Library & Research Center provides historical research concerning the origins of and the development of motorized vehicles of all types. The library will assist hobbyists in the restoration and preservation of their antique vehicles. The AACA employs a full-time library staff to better serve the membership. Photocopying (including color) and research services are available through the Research Center at nominal fees. Members qualify for limited free research. Visit www.aacalibrary.org or call 717-534-2082.
