

The Accelerator

Kansas City Region - Carlyle Senior Living Center Car Show

President's Message

The weekend of September 19th and 20th there were a couple of shows we would like to have attended. The kind where fans and judges admire and critique your cars. But, my grandmother used to say "Sometimes when you do something good for others its a 'good thing' ", and this is what happened to us at Carlyle.

It was a beautiful day, the weather could not have been more comfortable, the hotdogs were tasty and the live entertainer very talented. Noticeably, there was a shortage of men, but the women were joyful and somewhat knowledgeable about the cars.

One particular tiny little lady and I struck a conversation. She saw my name tag and said, "My name is Bonnie Lee". Not too popular a name! I had met Bonnie Lou's, Bonnie Sue's, Bonnie Louise's, but never another Bonnie Lee. Not in her 85 years either. Now here we are with two Bonnie Lee's. As we talked we discovered we were both raised in Kansas City and had graduated from East High School.

Needless to say, this was the high light of my day. It was a "good thing".

Story continued on page 5

Member Profile - Fred and Zeny Klafta

A 1953 Cadillac Series 62, 4 door Sedan - An original, unrestored car

1953 Cadillac, original and unrestored

Styling and horsepower sold cars in the Fifties, and nobody knew that better than Cadillac. Although styling changed from year to year, Cadillac carefully maintained a quality design so that even though the car always looked “new,” there could never be any mistake that it was indeed “The Standard of the World.”

This 60+ year old survivor has been in our family for over 54 years; purchased by my father, Casimir A. Klafta, a WW II vet, (who worked 44 years as a plumber/remodeler) in 1961, from its original owner, Gladys Prichard. She received the car as a

birthday present from her husband in Maryland October of 1953. The car was purchased for \$475.00. After Mr. Klafta’s passing in 2005, Fred, his son, took over the detailing and showing of this rare historical piece. This car’s first car show was in 1972. It was at the 50th anniversary of the AACCA in Chicago and it was an award winner. Because of the cars uniqueness, it often tells its own story.

This original, unrestored, 1953, series 62, 4 door sedan, exemplifies a significant milestone for GM at the beginning of its second fifty years. Many new additions

occurred for Cadillac such as the first 12 volt system using the largest battery ever made for a GM vehicle. The greater power source allowed for new special features such as electric windows, an extra backseat heater option, and of course the first optional factory air conditioning. Standard power steering and optional power brakes were other options available. It also provided a very smooth shifting 3 speed Hydra-matic Transmission.

The tires Cadillac selected for their 1953 cars were the largest tire available for this nearly 2 ½ ton vehicle; an 8:00 by 15 inch tire. This helped to produce a smooth ride along with its knuckle shock system. A special duel exhaust baffled muffler system came standard to allow for a quiet ride. It came with thicker layers of insulation between the engine and passenger compartment and additional sound deadening material all around the interior.

A March, 1953 Popular Science magazine article rated the 53 Cadillac engine the most powerful in North America with a 331 CID engine displacing 210 horsepower @ 4150 rpm. The engine was more powerful than Packard, Lincoln or Chrysler. Amazingly, with a recent changed gear ratio, this year Caddy would get an astounding 21 miles to the gallon at 63 miles per hour. This car and owner has proven the magazine article correct many times.

Casimir A. Klasta, Fred's father with the Cadillac.

The Cadillac's pristine interior.

This Caddy could get 21 miles to the gallon at 63 miles per hour.

Connie Lanam & 71 Cruiser, Jack King

Janice Cox, Bill Johnson, & Wayne Lanam.

AACA members enjoying the Fall day!

On Sept 19th, 18 members and 12 cars showed up at The Carlyle Senior Living Center in Lee's Summit for a beautiful Fall outing. The residents thoroughly enjoyed sharing car stories with AACA-KC members. Bonnie (Bess Truman)Johnson was in period dress adding to the gathering. Her '40 Plymouth Coupe was one of the favorites of the residents. Hot Dogs were served and local entertainer Rob McHenry sang and played the guitar.

Food, Friends, Beautiful weather and CARS ---AACA FUN!!

Those in attendance were:

- Bob & Donna Wallis '64 Chevy
- Wayne & Connie Lanam '65 Mustang
- Bill & Bonnie Johnson '40 Plymouth Coupe
- Jim Streeby '39 Chevy Pickup
- Jerry & Sharon Cygan 1956 Thunderbird
- Glen Porter '67 Nova SS
- Leta Porter '67 Olds Cutlass
- Jeff Porter 2012 Camaro SS
- Martie Kernodle '60 Metropolitan
- Jon Kernodle '66 Thunderbird
- Ralph & Cindy Taylor '66 289 Mustang
- Maurice & Janice Cox Corvette Convertible
- Allen Noel

AACA KC Opportunity! - Operation Christmas Child - Pack a Shoebox!

Dear AACA - KC Friends,

At the meeting September 13, Lance Parendo from **Operation Christmas Child** presented an overview of the organization and what they provide for children in over 130 countries across the globe. Along with several other ministries of the "Samaritan's Purse", this opportunity of providing a shoebox full of little gifts deliver hope and joy to many hurting children that may not even receive a gift if it were not for this program. They are supported by Franklin Graham and many of our local organizations and surrounding churches are already involved. This is not AACA sanctioned, it is strictly voluntary, and is just an opportunity to share a little something with a child in need.

After he presented the idea to our group, we wondered if the club members would be interested in getting in on this opportunity. If you are interested in making a box, or donating some money for the cause, please bring to the October or November meetings, or get it to Bonnie, Trish, or Janice. Trish or Janice will also "shop" and "pack" a box if you just want to donate some money. We will then take them to Noland Road Baptist Church for delivery (as it is the local drop off location). The deadline for filling a shoebox is November 15, as the national week of gathering them is during November 16-23.

The main idea is:

1. Get a shoebox, or plastic shoebox, one you have is fine, or you can go to the Dollar Store and get one.. or two or how ever many you want.
2. Look at the labels on the document attached, decide what age and if you want to get something for a boy or a girl.
3. Purchase some of the items listed on the suggested ideas.
4. Fill the box. You can enclose a personal note, picture of you or your family, or your name and address if you would like the child to write a letter (if they choose to).
5. A donation of \$7.00 by check is suggested per box to cover mail costs and handling, include that inside the box. You may choose to go online to samaritanspurse.org and donate the \$7.00 and discover the destination of your shoebox. They can email you a special Follow-Your-Box label to print and use.
6. Rubber band it together.
7. On the outside of the box, tape the label of what age group/sex of child so they can organize them.
8. Bring to the next meeting, or to Bonnie, Trish, or Janice. They are collected nationally the third week of November.

This is a wonderful opportunity to help others. Again, it is just a suggestion, no one is obligated, but only if you would like to participate. If you would like to be involved, just bring your filled shoebox or donation to the next meeting. Any questions, please email Bonnie at jbillybob562@aol.com. On a personal note, we have done this for years and we did put our name and address in a couple of the shoeboxes, and we received a heartwarming letter of thanks from one of the children.

More Information: samaritanspurse.org or operationchristmaschild.org

2015 Camaro ~ Fest

On Saturday, August 22nd, three AACA-KC members participated in the 27th Annual Midwest Camaro-Fest at E. H. Young Riverfront Park in Riverside, MO presented by the Camaro Club of Kansas City.

Our members and cars included Carol Barker - 1968 Camaro convertible, Ken Lee - 1969 Camaro Z/28 and Jon Cooper - 2000 Camaro SS.

Cars were grouped by various years in either Original or Modified Classes with the top three awards presented per class. Judging took place between noon and 3:00 p.m. For the first time in recent memory at Camaro-Fest, the weather was very comfortable all day with high temperatures in the 80's. During the show, Jim & Marilyn Hlaca, Dave & Donna Field and Mike & Mary McGill stopped by to see the cars and

Carol Baker and her "Third Place" award.

Antique Automobile Club Of America

Volume 3, Issue 9 - September 2015

Jon Cooper and his "Third Place" award.

Ken Lee and his "Third Place" award.

visit with us. Also taking place on Saturday was the Kansas City Air Show across the river at Wheeler Downtown Airport. Several aircraft flew over our location throughout the day and the Blue Angels flying demonstration was in its final stages when the awards ceremony began around 4:00 p.m. We enjoyed seeing the Blue Angels performing their

show very close by. Carol received a Third Place award in the 1968 Original Class, Ken received a Third Place award in the 1969 Original Class and Jon received a Third Place award in the 1998-2002 Original Class. All of us had a good time at Camaro-Fest and being able to watch the Blue Angels performance from a great vantage point.

AACA - KC Cruise

One thing we Midwesterners know a lot about is barbecue. Some will say it's the rub that makes the barbecue, others will say it's the sauce, or the meat or how long you cook it, some like it the St. Louis way (you add

Bates City, Missouri

Antique Automobile Club Of America

Volume 3, Issue 9 - September 2015

your sauce from the table) others want the meat swimming in sauce. You can find a BBQ place to suit your taste minutes from your home across Kansas City, so when Jim Streeby said let's take a cruise to Bates City for BBQ, some of us were thinking "What go 23 miles each way to eat barbecue, when we can go a mile in any direction and chow down on yummy smoked meat." Hmmm have to think about that.

Well we all know our Vice-Pres would never let us down, so 36 AACAKC members in 24 cars met at Paradise Park on a beautiful Saturday morning, September 12th. What fun it was to see so many members and cars decked out and ready for a back roads drive to Bates City BBQ. Janice and Maurice Cox looked great in their red corvette. Janice was all corvette red chic, flip flops that read

"Corvette," earrings, pin, jacket. That is a girl that knows how to show her love for her car. Oh and Maurice had on a cool Corvette shirt.

Glen and Leta were driving their newly acquired all original 1967 Chevrolet Nova Super Sport. It is gorgeous. Jon Kernodle showed up in a car some had not seen, his 1966 Thunderbird Convertible. All who participated were all smiles and ready to drive their special cars on roads many of us had never traveled.

Jim and Marilyn Hlaca

As we gathered in the parking lot we each were given a ticket for a drawing. Our leadership always knows how to heighten the fun we have together. The first name draw was Monte Kottman who won a \$20 certificate to Bates BBQ. The 2nd drawing awarded Jeff Porter with \$20 to spend at Bates City Antique Mall, just a short walk from Bates City BBQ.

As we lined up for our cruise, with Jim Streeby leading the way, there were smiles and laughter as we started our adventure cruise. We hit top speed of 35 as we traveled along our mapped route to lunch. It dawned on me we could have taken the fast lane on

Dave and Dana Madden

Antique Automobile Club Of America

Volume 3, Issue 9 - September 2015

I-70 and arrived sooner ---but what a shame that would have been. The winding back roads took us through beautiful country. Rolling hills, fields lush with soybeans and corn, stately estate homes and old barns. I kept thinking could one of those barns be housing an old car that could use some tender loving care. A barn find has to be the classic car buff's most exciting experience. Some of you are lucky enough to know that.

Monte and Julie Kottman

When we arrived at Bates City BBQ, we filled the parking lot with a rainbow of beautiful classic cars. Of course, with stomachs rumbling and the air filled with the flavor of smoked meat, we quickly lined up to place our orders of ribs, brisket,

Ken and Trish Lee

pork and beef sandwiches, home-cut fries and sides. We had a separate room that just fit all 36 of us. We had a chance to mingle and visit and then we were off to Bates City Antique Mall, which was about a 2 minute walk from the restaurant.

This antique mall, housed in a 19th century building, has been operating for 32 years and there is something for everyone. From antique furniture to garage signs, from linen to classic car

Photo collage of members on tour.

Antique Automobile Club Of America

Volume 3, Issue 9 - September 2015

memorabilia, each room you go into is a new discovery. There is even a "Flea Market" room for those looking for modern day mementos. Many members found a treasure to take home.

As we gathered outside the antique mall to say our good-byes, I heard many expressing how enjoyable and fun the cruise, food and shopping had been. You can count on that anytime AACAKC members get together we will have a blast!! So hats off and a special "Thank You" to Jim Streeby for putting together another AACAKC winning event!!!

To top off our wonderful day, a few members toured the Lone Jack Civil War Museum. This small museum houses many pictures of the war that took place in Lone Jack....it was all put together extremely well and was very interesting. Our knowledgeable tour guides told stories of the Lone Jack area and families that resided in the area during the war. A few members knew the museum existed but had never visited it until that day.

Thanks to Roscoe Yoder for taking us on the museum side-trip...it was well worth it and very informative!

The following members attended the BBQ & Antique tour

- Jim & Laura Streeby - Chevy Pickup
- Gary & Konnie Crispin - Chevy Impala
- Glen & Leta Porter - Chevy Nova
- Wayne & Connie Lanam - Ford Mustang
- Monte & Julie Kottman - Studebaker Grand Turismo
- Richard & Carol Barker - Chevy Camaro
- Jim & Marilyn Hlaca - Chrysler LeBaron
- Jeff Porter - Chevy Camaro
- Jerry & Sharon Cygan - Ford Thunderbird
- Bob & Donna Wallis - Chevy Malibu
- Fred Roman - 4dr DeSoto
- Roscoe Yoder - Late Model BMW
- Jim & Elaine Hager - Austin Healey
- Martie & John Kernodle - Ford Thunderbird
- Ken & Trish Lee - Chevy Camaro
- Janice & Maurice Cox - Chevy Corvette
- Rob & Susan Mansfield - Chevy Chevelle
- Dave & Danna Madden - 1 of his huge collection
- Bonnie & Bill Johnson - Plymouth Coupe
- Bob & Becky Tracy - Buick Coupe

Just a note: The team of Roscoe Yoder, Fred Roman and Gary & Konnie Krispin get the "Good Member Award" for staying back with Jim & Elaine Hager when their Austin Healey had brake problems. They made sure they were able to join us for BBQ and enjoy the day...even with mechanical problems!

Antique Automobile Club Of America

Volume 3, Issue 9 - September 2015

Meeting: September 13, 2015
Attendance: 32 Members

Treasurers report \$9,806.39

Introduced new members Mr. and Mrs. Jack Boyle. Guests attending this meeting were Fred and Toni Hall.

Lance Parendo gave a presentation on Operation Christmas Child. This is a program for people to fill shoeboxes for children in under privileged countries. This project would be on a strictly volunteer basis.

Jerry and Sharon Cygan have agreed to chair the Club's Christmas party. They suggested the Christmas party to be on December 20th from 5 until 7 at Cinzettis. The cost would be \$23 for Seniors over 65 and \$26 for others. We can have a room for 50 people. The Christmas party was voted on and approved.

The Club still is looking for someone to chair World of Wheels this year. Dennis Roberts will assist, but does not want to chair the project this year. Please let the board know if you are interested.

Bonnie announced she would order sweatshirts if at least 12 orders are placed. The Crew sweatshirts are \$19 and the hooded are \$22.

Bonnie discussed the amendments made to the regional bylaws at the last monthly board meeting. Any expense over \$50 must be pre-approved.

Membership will have co-chairman for Missouri and Kansas. Roscoe Yoder has agreed to be the Kansas co-chairman. The duties of the membership will be expanded to include following up on members not in attendance for an extended period of time.

The position of Web Master and Touring will be officially added.

On the recommendation of the National, the board will be expanded to five officers in order to break a tie vote on any issue. It was suggested our News Letter Editor be the fifth designated board member and Carolyn Young was nominated and accepted the position.

Past Events were shared and discussed.

Upcoming Events and Dates:

9/19 Carlyle Senior Living Car Show 11-3.

9/19 Higginsville Car Show 10 to 2.

9/25 Lee's Summit Oktoberfest Jim Streeby suggested we meet and could eat together in the big tent.

9/26 St. Mary's Manor Car Show 8:30 to 3.

9/26 Raymore Fall Festival --parade and car show.

9/26 Haggerty Driving Experience to teach teenagers to drive manual transmissions --Kansas Speedway

10/3 East Side Baptist Church Car Show 10 -2.

10/3 Fall-a-Palooza 2 - 5 Living Stone Community Church

10/3 American Royal Parade, need convertibles

10/4 Lawrence, Ks. Regional AACA car show, not sanctioned by AACA. Contact Jim Streeby if interested in attending.

10/10 Warm Springs club activity. Jon Cooper had directions, maps and itinerary for the event.

10/ 15, 16, 17 Chickasha, Ok Swap meet.

10/17 Maple Leaf Festival Carthage, Mo.

10/30 Northgate Baptist Trunk or Treat 6 to 9.

Next meeting is October 11th. It is important you attend as this will be the time for nominations for officers for 2016.

Respectfully submitted,
Sharon Cygan for Trish Lee

Readin' Writin' and Wrenchin'

By Ken Lee

“THIS AND THAT”

● AACAA is about automotive preservation, not modifications. If you make changes...keep your original components to be installed when you do show your classic.

- Why would a person before shutdown on your classic rev the engine up...then shut off ignition? This allows fuel to wash down cylinder walls on de-acceleration (NOT A GOOD THING).
- In engine design, sometimes a block is described in a dimension of (bore centers). This means the measured distance between center lines of adjacent cylinders bores. The greater the bore center, the more displacement.
- When your voltage regulator is on the “fritz”... there is an alternative. A solid-state regulator is available. You can install your old regulator cover onto the more efficient and reliable solid state unit. Source is: Wells Vehicle Electronics - www.wellsville.com (800) 558-9770. Remember in the past when you filled up your classic with gas...you checked the oil and/or tire pressure, my how times have changed!
- Lightweight oil allows an engine to warm up more quickly.
- A dirty or restricted air filter may be a bigger deal than you think. It causes a rich mixture and performance is compromised. A clogged air-filter can cause 50% mileage drop.
- Your new ride can get better fuel mileage with a higher octane fuel. The computer adjusts the improved fuel by advancing. This allows better performance and mileage...yes, it can compensate for the higher costs.

The Driving Factor

by Editor, Carolyn Young

Women At The Wheel

continued

1909 - In part to prove a woman's competence behind the wheel, 22-year-old [Alice Ramsey](#) became the first woman to drive across the United States.

1912 - With the invention of the self-starter, Charles Kettering finally made obsolete the biggest deterrent keeping women from driving — the arm-busting crank start.

1916 - The Girl Scouts initiated an "Automobiling Badge" for girls demonstrating driving skill, auto mechanics and first-aid skills.

1922 - Henry Ford opened Phoenix Mill and began hiring widows and single women, promising to pay women the same as men "so they could dress attractively and get married."

1935 - William Stout invented a "mobile office" vehicle he calls the Scarab. Believed to be "too radical and modern for its time," only nine Scarabs — what many contend is the first true "minivan" — were ever produced.

See our next newsletter for more of . . .
A little history on women driving. You can find the article at: www.hagerty.com dated 10/24/2012
